## Welcome to Developing Your Organisation (DYO)

**Developing Your Organisation** is a resource for Queensland Community Organisations containing useful information such as manuals, handbooks, a nonprofit standard chart of accounts, checklists, streamed training videos, model forms, and precedent policies.

Originally funded by the [Queensland Government Department of Families](#) in 1994 for use by the Department's funded organisations and its resource officers, two subsequent updates have occurred with the latest being the 2008 version.

### [National Standard Chart of Accounts](#)

NSCOA (now hosted by the ACNC) provides a common approach to the capture of accounting information by nonprofit organisations, for use by the organisations themselves, and by relevant government agencies and other interested parties. It is a data dictionary and data entry tool; it is not a reporting tool.
